

# Schedule B Assessment

## Quick Facts

Client:	Oil & Gas Producer
Location:	Parkland & Tower Lakes
Province:	British Columbia
Division:	Environmental Services
Project Type:	Schedule B Assessment
Completion Date:	2017 - Present

## SERVICES PROVIDED

- Environmental field assessment
- Environmental reporting

## PROJECT OVERVIEW

H3M was commissioned to complete several Schedule B Assessment in the Parkland and Tower Lakes area. H3M Environmental has developed a Schedule B assessment and reporting process that clearly and concisely addresses all components of the requirements outlined within the current Delegation Agreement between the BC OGC and the ALC. H3M takes a more liberal approach to completing Schedule B Assessments by working with the client to mitigate potential issues and deficiencies increasing the number of projects that meet the requirements set out in the Delegation Agreement.

## PROJECT GOALS

Collect environmental information required to meet regulatory requirements set out in the Delegation Agreement and complete reporting requirements efficiently to our established timeline. H3M takes a pragmatic approach to our environmental assessments. We work to remain in continuous communication with clients and regulator to facilitate familiarity with site conditions and create unique solutions to problems.

## H3M ROLES AND RESPONSIBILITIES

H3M Environmental was the environmental contractor and was responsible for collecting all relevant post-disturbance environmental information in accordance with the applicable provincial environmental requirements for Schedule B reporting.

## PROJECT OUTCOME

H3M completed 30 km of Schedule B Assessments within the Parkland and Tower Lake fields in northeastern BC in 2018. H3M determined that 90% of the pipelines met the requirements of the Delegation Agreement and obtained sign off from the BC OGC. H3M is currently working closely with our client to formulate a reclamation plan to bring the final remaining pipeline from the 2018 Schedule B season to meet regulatory compliance. H3M was able to work within the client's time and budget constraints and is currently working on the 2019 Schedule B season.
